

3D - build a bar soaps

Now you can design your own bar of soap!

You know what your customers have been asking for. You've listened to them say something like "If only this soap came with my favorite fragrance and not that one"...

You pick the design, you pick the colour and you pick the fragrance...

One - two - three - it's done... Each of these soaps are 3D soaps - true 3 dimensions with curved bottoms and sides! Mix match - it's all up to you...

Your customers will be thrilled knowing you can provide a product in the colour and the fragrance of their choice.
