

facial candy™ - soft soaps

Facial Candy™ soap is our newest luxurious cleansing and washing sensation. We have branded these types of soft soaps as Facial Whips. A scoop of our Facial Whip provides a rich creamy lather that is mild to the skin. Our whips also give mild exfoliation because we added pure Jojoba Beads into each jar.

Experience the decadent whipped, creamy feel of Facial Candy™ in the bath or shower. Extremely mild to the skin, this fragrant and colorful cleansing sensation is both luxurious and fun! Our Facial Candy™ is packaged in a 8 oz. decorative jar that you can take right into the shower! This size should last between 30 to 45 days when used to cleanse your face (but, you can use it on your body if you like)!
